## **THE NARRATIVE**

The narrative history must be typed (required font style and size are a 12-point Times variant) in a double-spaced format and include separate sections on context, overview and significance. Attach cop(ies) of early photos and recent photos, showing all four sides of the structure as it stands today.

Attach the narrative history and documentation. The narrative history must include documentation in the form of reference notes, which can be either footnotes or endnotes. Documentation associated with applications should be broad-based and demonstrate a survey of all available resources, both primary and secondary.

Once the application is approved by both the Marker Committee of Victoria County Historical Commission, and the Victoria County Historical Commission itself, the applicant will be notified that the fee is due and payable.
